

## OPEN APPLICATION

We are always looking for exceptional people, who share our vision and principles, to join our team.

We offer a working environment who encourages innovation in the fields of planning, urban design, landscape and infrastructures.

We are committed with the sustainable development of the sunny side of the planet-those territories that features arid and semiarid climates. We do believe that these geographies have specific environmental conditions (seashores, good weather, abundant biodiversity, sunny days, lush vegetation...) and economics dynamics (tourism, open spaces, outdoor sports, marinas...), besides their social potentials, which deserve some sort of specialization and concentration. That is why we are based in the subtropical Canary Islands, operating internationally along with local offices and partners.

## PROFESSIONALS

LPA is always interested in receiving applications from talent graduates and professionals, but we do not have unlimited positions open. If you feel you can suit LPA, but you do not see a vacancy in which you fit, then please make an open application. When the need arises we will look into your application. We are a multidisciplinary team organised in four teams: Design (urbanism and landscape), Constructing (supervision and management), Strategy (planning and sustainability) and Management (business administration).

## APPLICATIONS

LPA is mainly an international team and therefore it requires a fluency in English. LPA will not be responsible for sending back the received portfolios. Interviews will be under strict invitation and after having received the application´s Documentation.

LPA is an equal-opportunity employer and our policy is to treat applicants and employees in the same way, regardless of their sex, marital status, sexual orientation, race, nationality, ethnic origin, disability or age.

If you would like to apply, please send your application to the office email address: [info@l-p-a.org](mailto:info@l-p-a.org)
